## LANGUAGE

- English
- Bahasa Melayu
- Bahasa Arab

## ADDITIONAL SKILL
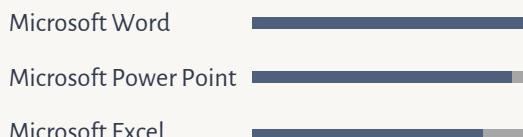

- Microsoft Word
- Microsoft Power Point
- Microsoft Excel

## ABOUT ME

I am an Information Management and Mathematics student with 1 year and 3 months of study at UiTM Rembau, and I also hold a Diploma in Information Technology. Throughout my academic journey, I have built a strong foundation in mathematical concepts and data management, supported by hands-on experience in data analysis, programming, and records management. My degree studies have strengthened my technical skills through the use of tools such as Visual Studio Code (VSC), phpMyAdmin, and XAMPP, while my IT diploma further enhanced my proficiency in programming languages like C++. These combined experiences enable me to analyze data effectively and develop practical solutions to complex problems.
